## Teach English in South Korea

TESOL Practicum South Korean program immerses students in the work culture of South Korea during summer. Participating in this TESOL (Teaching English to Speakers of Other Languages) Internship, students gain experience teaching English as a foreign language and develop their teaching and international skills. If selected, students not only receive course credit but also earn compensation for teaching (\$780). Room and board for this program are free to CSU participants. This summer, CSU students are teaching English at Busan Global Village, Inc., a summer camp for South Korean students who want to learn English. CSU student teachers must have taken appropriate TESOL (Teaching English to Speakers of Other Languages) coursework in order to qualify. *All majors welcome!* For more information, contact [Dr. Seon Jeon](#)
